# GRANDS CRUS MUSES

Volluto Inspiration.

Volluto majestically shimmers as the icon of 119 Champs-Élysées. Lightly roasted but full-bodied, Volluto's flavour is round and fresh with a cereal hint. Volluto's character is reinforced by a touch of acidity.

EXCLUSIVE CREATIONS BY STANISLASSIA KLEIN, STELLA CADENTE FOR NESPRESSO

French designer Stanislassia Klein, who has received worldwide acclaim with her prêt-à-porter label Stella Cadente, is indeed a star in the world of design. For the Grand Opening of 119 Champs-Élysées she was commissioned by Nespresso to transform the essence of Nespresso into fashion. The result was 9 Grands Crus Muses, dressed in costumes and embodied by dancers, each inspired by the spirit of the individual Grands Crus. The Nespresso Magazine presents you this fashionable taste of Grand Cru inspiration.

## Lungo Refinement.

A unique muse embodying both the most intense as well as the lightest of the Lungos. Vivalto is an intense Lungo which combines pleasant roasted and floral notes. Finezzo is a mellow blend with fruity notes.

### Arpeggio Intensity.

The mysterious muse tantalizes and surprises. Arpeggio is a Mediterranean blend par excellence with a strong character, intense body and long, exquisite after-taste. Its thick, smooth crema remains to the last sip.

### Cosi Refreshment.

The brunette muse playfully embodies this light roast. Cosi is perfect for espresso lovers who enjoy a mild, smooth crema coupled with the refreshing acidity of a hint of lemon.
