3-DAY KING

Nespresso offers you a unique experience in Valencia, the host city of the America's Cup 2007.

The City of Arts and Sciences, developed by the famous architect Santiago Calatrava, is a large-scale urban recreation centre that also incorporates L'Oceanogràfic (Ocean Park), an underwater city designed by the late Felix Candela.

The Alinghi Team proudly sails the seas with their supporters Nespresso.

Win an exclusive America's Cup experience for two Win one of five tailor-made VIP programmes for two in Valencia on the occasion of the Louis Vuitton Acts 10-12 in May and June 2006

True sailing aficionados find it almost unbearable to wait for the 32nd America's Cup Match. On Saturday, 23rd June 2007 at 2 p.m. sharp, the warning signal for the start will finally resound for Alinghi and its challenger.

However, it will take another (almost endless-seeming) 18 months until all Alinghi dreams and desires will finally come true.

So what to do in the meantime? The proposal Nespresso has to offer amounts to the following: How about taking part in a VIP programme which will enable you to share the emotion and excitement of the America's Cup Pre-Regattas in Valencia? What we have in mind is three days during one of the three Louis Vuitton Acts taking place in Valencia between May 4-15, May 18-21, and June 14-24, 2006.

For this special occasion, Nespresso would like to invite five couples who simply need to give the correct answer to the question below in order to win this unique experience.

Here is a brief synopsis of the special three-day VIP Programme to whet your appetite for the excitement of the America's Cup.

Day 1: Welcome & Sightseeing

The first day is entirely devoted to exploring the beautiful city of Valencia. You will be put up at one of the city's most prestigious lifestyle hotels. We propose the Silken Hotel, which was designed by star architect Santiago Calatrava and opened in 2004 in Puerta de Valencia. As a VIP guest, all necessary formalities will of course be handled for you both at the airport and at the hotel. The programme further includes a guided tour of Valencia in a deluxe mini coach, an exclusive dinner at the Alto de Colon, one of the city's best restaurants, as well as a late night Flamenco show by the world-famous "Los Marisemenso" ensemble.

Day 2: America's Cup Pre-Regattas

The second day is fully dedicated to sailing. In the morning the Nespresso VIPs will be given an exclusive tour of the America's Cup Village, followed by a warm welcome and sailors' briefing at the Alinghi Base. Around noon,

the VIP-Guests will board one of the Alinghi follow boats and you will find yourself in the racing arena. The boat trip includes a high-class lunch including a cold and hot buffet with various culinary delights, champagne, wine, beer or soft drinks and Nespresso coffee whenever you want it. Back on shore you will be escorted to the Torrijos for dinner, there to sample a few culinary extravagances. Chef de cuisine Josep Quintana, a disciple of Ferran Adrià, is well known for surprising and delighting his guests with ever-new creations.

Day 3: Entertainment & Departure

Departure looms ahead. However, before it's time to say goodbye, you will explore the Valencia's Ocean Park, Europe's largest aquarium, in the company of an expert, before enjoying a typical Paella Valenciana.

As on your arrival, all formalities (hotel and airport) will be handled for you.

Get a taste of the real America's Cup with a visit to the Alinghi Base Camp from where you will take an unforgettable boat trip – just like King Juan Carlos. Relax in style afterwards in the beautiful Spanish city.

Win a 3-day-trip to Valencia for two! **Simply answer the question below...**
"Senang" is the name of the Nespresso Special Club 2005.
What does it mean?
